

Phil Nelson

Phil embodies the spirit of the American entrepreneur. For the last 50 years he has enjoyed working in the commercial real-estate sector. But because of his gregarious personality he's also owned and operated an "old school" barber shop which has been a staple in south Minneapolis for 46 years... there you can find Phil cutting hair, telling stories and managing and caring for his real-estate interests in that part of town.

Phil and his wife Cheryl have 2 adult children and 1 grandchild. This is Phil's 5th trip to East Asia!
